

Baltic Sea Partnership on Energy Efficiency

Workshop, 26th of April

Welcome to a workshop on the topic of improving renovation of multi-apartment buildings - Innovative management and new technologies

The project Baltic Sea Partnership on Energy Efficiency would like to invite you to an online workshop on the 26th of April to share and discuss innovative management and new technologies to improve the renovation of multi-apartment buildings in the Baltic Sea Region. There will be speakers providing good examples and innovative approaches to accelerate and improve the renovation process and quality. This event is created to strengthen the network of stakeholders in the Baltic Sea Region within the energy efficiency area and provides an opportunity to exchange information and knowledge between participants.

When: 9:00 – 11:00 am (CET) / 10:00 – 12:00 (EET)

Where: Online via Zoom

About the project

Baltic Sea Partnership on Energy Efficiency (BSPonEE) is a project funded by the Swedish Institute that addresses energy efficiency in buildings in the Baltic Sea region. The project focuses on the creation of a network for various stakeholders. The project is led by North Sweden Energy Agency together with the partners Polish Foundation for Energy Efficiency (FEWE) and Baltic Environmental Forum (Latvia). Associated partners are Ministry of Economics of the Republic of Latvia, Housing Initiative for Eastern Europe (IWO) (Germany), Global Playground Stockholm, and The Council of the Baltic Sea States (CBSS).
